Together is better.

Integration in Telgte: Welcome. Arrive. Come over.

**Zib – Together is better – Verein für Völkerverständigung Telgte e.V.** is a private association that has been committed to helping refugees and immigrants in Telgte since 1991.

The aim of our association is to help people who immigrate to Telgte to integrate into the city and society.

In order to meet this objective, we offer the following support options:

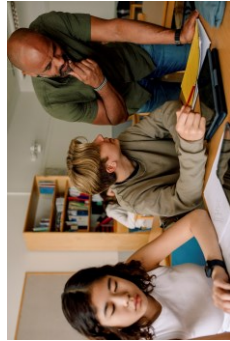

We help you learn the German language. We also offer free language courses at different levels. There are preparatory courses for the official language courses offered by public educational institutions (language level A1/A2).

On the other hand, we also offer language courses for those who who are unable to attend the official language courses. In addition, we encourage and support people who are already taking part in official language courses.

We offer help in dealing with the German authorities by having volunteers accompany immigrants in dealing with the authorities or helping them fill out forms. We also provide expert advice on issues relating to immigration and residence law.

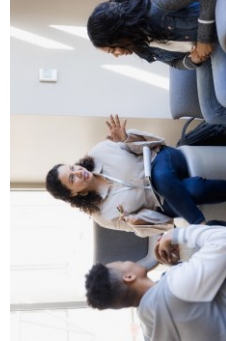

We help immigrants with their professional integration, e.g. by supporting them with applications for jobs and questions from working life.

We run a social department store where people in need can purchase household items for a donation and offer bicycles for a rental fee through our bicycle workshop.

We offer cultural events and create the opportunity to get in touch with the people living here through festivals and joint activities.

Through voluntary companions, we try to be the contact person for everyday questions and to help as far as possible with problems.
